# CDocT®
Powered by Enjoin

The industry's only comprehensive CDI tool for value-based care.

Achieve documentation excellence across the healthcare continuum with this one-stop web-based CDI tool.

Developed by board-certified physicians and CDI experts, CDocT®supports CDI programs with the expansion of value-based reimbursement and quality measure initiatives including HCC risk adjustment. Now with the addition of Inpatient CDI expertise, CDocT's data driven, evidence-based approach promotes collaboration and a successful documentation culture within quality, inpatient and population health CDI.

INCLUDES FY 2020 IPPS UPDATES!
